The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the electromechanical drive for track-laying vehicles as claimed, and particularly including a variable speed mechanical gear stage connected to a rotor and having an output, one brake connected for acting directly on the output of the at least one variable speed mechanical gear stage for locking the output and thereby preventing rotation of the output, and including the remaining structure of claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
